With a choice of various styles and powder coated colours to choose from let your imagination run wild creating a secure sturdy boundary fence for your property.

Our Powder Coated colours are baked onto the aluminium components giving you a strong, durable finish which won't peel, chip, crack or rust; this means they are very low maintenance and will last and last.

Panels can be supplied or to make your job easier our professional fitters can install them for you. We also stock all gate latches and hinges for your convenience.

Our products are quality products which you can trust and rely on.

*A large range of Styles to  
choose from....*

# Boundary Fencing

At **Complete Barrier Solutions** we offer a variety of Boundary Fencing options suitable for any budget. These options are also suitable for pedestrian and driveway gates.

Starting from the very affordable Powder Coated Aluminium Baluster range, there is an endless array of styles to choose from. Panel sizes vary from standard heights being 1200, 1500 and 1800 high to standard widths of 2475 and 2970 wide. If these sizes don't suit we fabricate them to suit.

We also offer the modern contemporary look of Powder Coated Aluminium Slat Panels. These are fully welded and made to order with spacing between the slats at either 9mm or 20mm. Louvred style slat panels offer more privacy to your property whilst still capturing the breeze. Slat panels can be fabricated into personal entrance / manual or auto driveway gates, tying your theme in beautifully to match your slat panel boundary fencing.

Other options of boundary fencing are our premium "Knotwood" range. These timber look slats are fitted in a unique fixing system. If you're looking for a timber look without the high maintenance, this is the style for you.
